The further accounts which have reached us in relation to affairs in Kausas, although they are mainly from siders and abettors of the Border Ruffians, or from the Ruffians themrelive, indicate but too plainly that the issue has coine, and that the freemen in Kansas, shut ch ish the memory of Henry Clay and Daniel Web the London Chromote. ag they have been from all communication with ster with ardent affection, and who a year ago their friends in the states, are making a brave stand against the inviders. They have suffered outrages of all kinds, planderings and burnings, to their own satisfaction, proved him everything and nurders of their friends, shot down in cold that is had. In the short space of two months, blond by the misceeants around them, antil he thay, the Buchaniers and the Know-Nothings, man heart- could endure it no longer, and they carh using their chosen arguments, and such land have taken arms to protect themselves. THE WASHICANS .- Hon. Israel Washburn, Jr of Maine, was unanimously nominated for reelection to Congress, at a large and enthusiastic Convention held at Exeter on the 19th inst. We think it is safe to say that the Illinois and Wisconsin Washburns will likewise be manimously nominated for re-election, and that in the next, as in the present Congress, these three brothers will be found, vixing together, every time, for Francov and Rustr.
